

AMNESTY TO BE OFFERED REBELS

Once More the Madero Government Will Say, "Please Quit."

Mexico City, Mex., Dec. 2.—Convinced that numerous bands of rebels in the states of Durango, Coahuila and southern Chihuahua are continuing their operations merely because they believe surrender would mean summary execution under the suspension of guarantees, Rafael Hernandez, the new minister of the interior, announced that he will attempt to gain for them a promise of amnesty.

"Queco" Campes and Benjamin Argumedo, officers in Orozco's organization, are the chief rebel leaders in these districts and several engagements were fought during the latter part of the week, the government, as usual, announcing victories.

These and allied leaders have been making successful raids on small outposts, manning for the most part to evade encounters with superior forces. The rich country is practically at their mercy, and the federal forces are able to account for more than 2000 men in the larger towns.

Hernandez to Press Fight.
Minister Hernandez is confident the rebels, who report to his department, will be able to cooperate more actively than the regular troops, and with this object in view he has conferred with Gen. de la Vega, commander in chief of the rural guard.

Hernandez has issued a general order to the rurales to give receipts to the owners and notifying the government. The rurales have complained that frequently they are unable to follow the rebels because of their worn-out mounts.

In Orozco Located.
Out of the mass of rumors as to Gen. Pascual Orozco's whereabouts, that most credited is the report that he has disappeared at the head of some hundreds of men east of Ojizagua, in the state of Chihuahua, after recuperating from a serious sickness.

In the state of Oaxaca some diminution of activity is apparent as the result of a campaign of destruction and summary executions. The states of Morelos and Mexico have furnished fewer developments than usual recently, but, since the rebels are known to be strong, this is believed to presage increased activity soon.

Power Embarrassed.
Throughout the republic the number of engagements reported has decreased. Only five were reported today. In one brief Saturday the federal forces inflicted eight hours fighting, their ammunition being exhausted.

On the arrival of a fresh supply of ammunition, the federal forces renewed the engagement with the result, according to an official dispatch from the governor of Puebla, that the rebels were routed.

The governor of Veracruz reports that with the capture of Garcia Bravo near Tuxpan, "the last band of rebels in the state has been exterminated."

American Warships Disputed.
Mexicans are not wholly reassured by the Washington declarations and are deeply interested in the proposed visit of four American battleships to Veracruz and the motive for their coming. It is no secret that the American navy is not pleasing to the Mexican government and the failure of the Mexican

WILL TELL COMMITTEE OF LOSERS IN MEXICO

Price McKinney, one of the owners of the Corrigan-McKinney mines in northern Chihuahua, left Monday for Washington, where he will appear before the senate committee that is investigating Mexican affairs. Mr. McKinney, whose company has suffered heavy losses because of raiding rebel bands, will give a complete statement of his losses and of conditions in Mexico to the committee. This committee is expected to come to El Paso within the next two weeks to resume its investigation on the border.

FEDERALS AT FUNDICION PREPARE TO ATTACK YAQUIS

Guaymas, Mexico, Dec. 2.—T. C. Kirkland, of the Fundicion Smelter, says that the 27th battalion has been transferred to Fundicion, and that active preparations are being made to attack some of the Yaqui Indians from that point. Of late the Yaquis have been doing very much damage by way of looting the mining camps, and taking the property of the mine's stores, as well as what belonged to the native laborers.

MUCH BANDIT ACTIVITY IN STATE OF DURANGO.

Monterey, Mex., Dec. 2.—Reports continue to come in from Durango giving the news of daring holdups of trains and robberies of many rich individuals. The press is censored here and does not publish the truth about the situation which is growing worse from day to day.

ST. LOUIS BANKERS WILL BE SHOWN DAM

Series of Entertainments and Side Trips Being Arranged for Visitors.

Who Come Tuesday
Various committees are at work preparing for the reception and entertainment of the St. Louis bankers, who will arrive here Tuesday evening and remain until Friday morning, as the guests of the city.

Already more than 40 names have been signed to the list for the trip to the Elephant Butte dam on Wednesday. The special train will leave El Paso at 8 o'clock Wednesday morning, arriving at the telephone building at 10 o'clock. Two hours will be spent in examining the big dam project, lunch will be served there and the return trip will start at 2 o'clock, arriving here at 6 o'clock. An informal dinner will be served at the Hotel Paso del Norte Wednesday evening for the visitors, after which they will attend the ball at the Toltex club to be given by Mr. and Mrs. C. R. Morehead. Thursday will start with a business men's breakfast for the visiting bankers, after which they will be taken for a ride in the city. The day will be spent in visiting the cement plant, Globe mill and smelter will be visited. The party will then leave for the dam, Port Bliss and down the valley, where lunch will be served at the valley inn. Return to El Paso will be made in the afternoon, and the party will visit Juarez and the races. Following the races there will be a party of the house judiciary committee at the Toltex. The closing banquet will be held in the banquet room of the Paso del Norte, commencing at 7:30 o'clock. Speeches will be made by the visitors and prominent El Pasoans. The party will leave for St. Louis Friday morning.

The St. Louisians will be in charge of Thomas W. Bennett, president of the Mortgage Trust company and will include the directors and stockholders of that company. The complete list of those who will make the trip has not yet been received by the local committees.

The committee desires to make the banquet to the visiting bankers and representative of El Paso business and professional interests as possible, but owing to the limited time available, it will be impossible for the committee to make a general canvass, and those who wish to have their names included in the list should communicate with J. A. Hanner, chairman of the banquet committee, or J. G. McNary, chairman of the general arrangements committee. While the number of people who can be accommodated at the banquet will necessarily be limited, it is believed there will be room for all who want to attend, and information on this point can be obtained from J. G. McNary, chairman of the excursion committee, or from G. F. Hawks or J. G. McNary.

Classy Auditorium Means Greater Amusements.

El Paso people do not do things by halves. She is a real live, metropolitan city. The new maple floor will be the largest west of Chicago. There will be room for fifteen hundred skaters. The new roller rink will be used exclusively—first of all because they are safer for beginners and the regular skaters as well. The convenience of ladies' parlors, check rooms, men's smoking rooms, and all, will make the new Auditorium the heart of Greater El Paso for greater amusement goes—Adv.

CONGRESS WILL SPEND A BILLION

(Continued from page 1.)

Idaho, and senator Rayner, of Maryland.
To Try a Judge.
The senate under an order previously passed, must constitute itself a court and try a judge. The trial of Judge Robert W. Archbald, of the commerce court, on December 3. The seven members of the court, on the day of the trial, will be act as managers on the part of the house, will meet today to arrange the details of the trial. Because of the complications of the Archbald trial, the necessity for the election of a new judge of the commerce court, of legislative business, the senate probably will hold numerous night sessions before March.

The house will have its hands full with appropriation bills, which must originate in the house, and the committee is now "speeding up" on the legislative business, and the budget and this will be ready for report next week.

No Tariff Legislation.
In view of the approaching extra session, it is not anticipated that the house will attempt tariff legislation so long as a Republican president remains in the white house. There will be nothing to prevent the ways and means committee from beginning hearings on the tariff schedules, however, and it is unofficially announced that these hearings will begin the first week in January. In this event, one or more schedules may be ready for report to the house when the extra session convenes in April.

A billion dollars probably will be appropriated during the three months congress is in session. This means an average appropriation of about \$12,000,000 each day—which amounts to a pretty fair day's work for hurried legislators.

A resolution calling for early action by the banking and currency commission in its investigation of the so-called money trust was introduced in the house today by representative Lindberg, of Minnesota, author of the original "Money Trust" inquiry resolution.

Would Promote Col. Goethals.
Col. George W. Goethals, chief engineer of the Panama canal and its principal builder, will be made a full general in the army with rank corresponding to that now held by admiral George Dewey in the navy, if representative Mann, of Illinois, can bring it about. The promotion would be for life and not subject Col. Goethals to retirement for any cause.

Representative Mann, who, with a party of other congressmen, recently inspected the canal, was enthusiastic in his praise of Col. Goethals' achievements.

JUSTICES COURTS.
E. B. McClintock, Presiding.
Julian J. McClellan, charged with theft over \$50; complaint filed.
Clifford Rerington, charged with forgery, two cases; bound over to grand jury on \$500 bond.

J. J. Murphy, Presiding.
Juan Lagunas, charged with assault to murder; complaint filed.

SPEEDS UP HIS CAR TO ESCAPE FREIGHT TRAIN
A street car conductor's presence of mind probably prevented a serious accident on the Park line Saturday evening. As a park car was returning to the transfer station, at the T. & C. crossing conductor L. A. Taylor left the car to flag the crossing. Not seeing anything on either side of the car track, he gave the signal to motorman Geo. Broderick to go ahead. As the car was crossing the railroad track a cut of freight cars appeared out of the darkness, the carmen claim, and struck the rear portion of the street car. When he saw the freight cars coming, motorman Broderick put on full speed and prevented the freight from striking the street car. There were nine passengers on board the car, and but one, a negro woman named Beulah Gordon, was injured. Her injuries were slight. The conductor and motorman on the car claim there was no light on the freight and that no warning was given them that the freight was approaching.

"I Have My Christmas Shopping Well Under Way Now"

—There are hundreds of women who can tell you this right now and these are the women who have profited by past experiences.

—"But why should I begin so far ahead?" Let's see, is it far ahead?

—19 days in which to do the planning and shopping for Christmas—that isn't so very far ahead, considering the fact that

—It helps the Delivery Drivers,

—Helps the Salespersons,

—Helps the Postal Clerks,

—Helps the Postman,

—Helps Yourself,

—Helps the Telephone Operators,

—Indeed it helps everyone.

—Then there's the satisfaction of having furthered the spirit of joy and gladness, which should be the whole idea of Christmas.

—And isn't it surprising the way public sentiment has taken up the "Shop Early" movement?

—There really is no reason why we shouldn't spread our Christmas buying over this period of 19 shopping days that remain between now and Christmas.

—Even now Christmas shopping is being accomplished by ever so many women. Why not resolve to begin tomorrow?

NO SURVEY MADE TO ANY IRON MINES

The Southwestern has made no surveys to any iron mines in New Mexico and nothing has been heard at the general offices of the company here of any steel plant to be located in El Paso.

"As far as we are concerned, there is nothing to it," H. J. Simmons, general manager, said today. "The Southwestern has made no survey to any iron mines and I have heard nothing of such a survey being contemplated. We did make a survey last summer up the west side of the river for a future line into the Mesilla valley but that was for the purpose of reaching any iron mines and no such survey is being thought of by the Southwestern."

Happens soon—new Auditorium.

HELD FOR MURDER.
Salt Lake City, Utah, Dec. 2.—Mrs. Genevieve Inlow, who with her husband, C. A. Inlow, was arrested charged with the murder of Thos. E. White, a chauffeur, killed in his taxi cab on the night of Oct. 4, was held to the district court at the conclusion of her preliminary hearing today.

Witnesses identified her as the passenger who engaged White's machine a short time before the fatal shots were heard. Inlow also has been held for trial.

DEATHS AND BURIALS

J. W. KRAFT.

News has been received here from St. Louis of the death of J. W. Kraft, brother of W. H. and A. H. Kraft, of Chihuahua. He died from arsenic poisoning accidentally contracted while pursuing his profession of sampling ores. Deceased had been ailing for six months previous to his death.

Mr. Kraft was a former resident of Chihuahua and El Paso. During his residence here he was engaged in representing mining companies throughout northern Mexico. A little over a year ago he moved to El Paso from Chihuahua and shortly afterward his ailment compelled him to take a vacation and he left for his parents' home in St. Louis.
